

LEGAL TRAINING

We offer a comprehensive suite of legal education and training services. Our legal experts are experienced in delivering high quality presentations to clients, industry bodies and professional and business associations.

These services are value based and make it possible for our clients to slash their legal costs while making the most of our legal expertise. In addition, these services are individually client - customized and the resulting service fee will be more reasonable than the invoice for usual legal services rendered to large clients in an intermittent basis. A attorney is assigned to each client that can be contacted or called at any hour and will have particular regard for to clients business goals when providing legal advice or representation.

Timing & format

Our training packages range from one hour seminars to multi-day intensive workshops. We customize each session to meet client requirements in relation to timing, topics and the level of experience of the staff attending.

Although client staff and we discuss the underlying theory and legislation in our training sessions, we take a practical and participative approach so that the clients and the client staff can easily apply this knowledge within the context of the client business.

Training Deliverables

In each training session, the clients will receive:

- An overview of the relevant legislation, as well as court views and typical cases;
- A practical understanding of the topic by working through case ; and
- Detailed notes to take with you.
